

Aeris Crazy Pave

Aeris Crazy Pave is available in 6 sheeted patterns, labeled in alphabetic order from letters A-F (please refer to Image 1 for individual drawings). Each of the sheets vary slightly in height as well as width, and interlock together to create a full set pictured in Image 2.

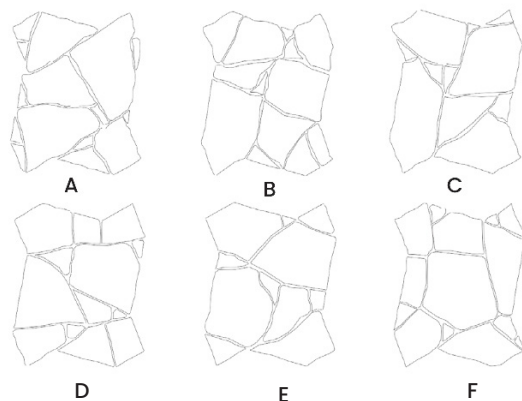

Image 1. Crazy Pave are available in the above 6 designs labelled from letters A-F.

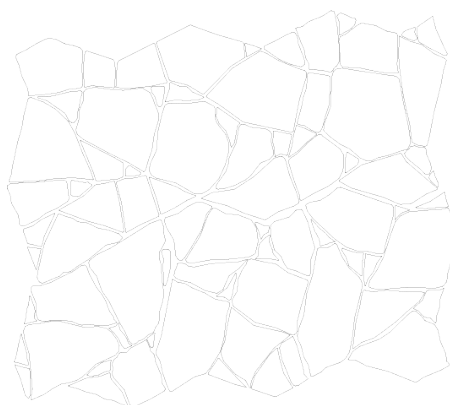

Image 2. Final layout: 6 patterns which form a total area of 1100×1290mm.

Packaging Information

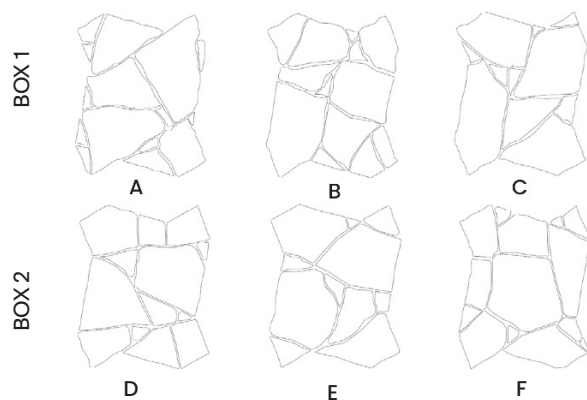

Image 3. How Set A and B are packaged.

Set A	Sheets A, B & C
Set B	Sheets D, E & F

The Aeris Crazy Pave full set is delivered as a single unit consisting of two boxes strapped together. Set A (Sheets A-C) is packed into Box 1, and Set B (Sheets D-F) is packed into Box 2. This packaging system aims to ensure a time-efficient installation process.

Please Note: Aeris Crazy Pave Matt is suitable for internal applications only, due to its P3 slip rating. Our Aeris Crazy Pave Grip is a P5 slip rating and suitable for external areas.
