technical data

properties	test method	prescribed value	value
WATER ABSORPTION	ISO 10545-3	≤0.5%	≤0.1%
BENDING STRENGTH	ISO 10545-4	≥12 MPa	≥33.5 MPa
BREAKING STRENGTH	ISO 10545-4	≥350 N	1785 N
ABRASION RESISTANCE	ISO 10545-7	Max. 175 mm ³ PEI 1-5	Class 3
RESISTANCE TO CHEMICALS	ISO 10545-13	Household chemicals & swimming pool salts	GA
		Low concentration of acids & alkalis	GLA
RESISTANCE TO STAINING	ISO 10545-14	Minimum class 3	Class 5

IMPORTANT

CINDER colour is a metallic glazed finish designed to evolve over time, developing a natural patina through gentle oxidation. This adds richness and depth, creating a timeless, vintage-inspired character.

PLATINUM colour has a multi-layer glaze combining a glossy white base with a specialised titanium top layer. This finish delivers a clean, luminous metallic aesthetic, making it highly versatile across modern, minimalist, and light luxury interiors.

Variation is an inherent property of tiles and stone. Sizes are nominal and may include a joint.

AN ENVIRONMENTAL PRODUCT DECLARATION (EPD) is a globally recognised certification that outlines the environmental impact of a product across its entire life cycle. It supports sustainable decision-making and green procurement by assessing factors such as material sourcing, emissions, installation, use, and end-of-life disposal.
