technical data

properties	test method	result
WATER ABSORPTION	EN ISO 10545-3	Average 0.18%
MODULUS OF RUPTURE	EN ISO 10545-4	Average 53.4 MPa
SURFACE QUALITY	ISO 10545-2	≥95%
BREAKING STRENGTH	ISO 10545-4	1061 N
RESISTANCE TO STAINING	ISO 10545-14	Pass
RESISTANCE TO CHEMICALS	ISO 10545-13	Pass
RESISTANCE TO FROST	ISO 10545-12	Pass

Variation is an inherent property of tiles and stone. Sizes are nominal and may include a joint.

ISO 14001:2015 specifies the requirements for an environmental management system that an organization can use to enhance its environmental performance. It is intended for use by an organization seeking to manage its environmental responsibilities in a systematic manner that contributes to the environmental pillar of sustainability.

AN ENVIRONMENTAL PRODUCT DECLARATION (EPD) is a globally recognised certification that outlines the environmental impact of a product across its entire life cycle. It supports sustainable decision-making and green procurement by assessing factors such as material sourcing, emissions, installation, use, and end-of-life disposal.

The information provided in this Technical Data Sheet is given in good faith and reflects current knowledge and experience. It is intended as a general guide and may be updated without notice. Users are responsible for ensuring the product's suitability for their specific application and for compliance with all relevant local building codes, Australian Standards, and regulations.
