PRODUCT SPECIFICATIONS	format		size	finish	thickness	slip rating	colour
	slab	1620x3240mm		matt	12mm	N/A	silver/ grey
MATERIAL							porcelain
VARIATION							V2

Colours shown in images may differ due to variations in photographic conditions and screen displays. Samples provided may not accurately reflect the exact shade or batch supplied, as variation is an inherent property of tiles and stone. Listed sizes and thicknesses are nominal and may vary slightly from actual working dimensions.

technical data

properties	test method	prescribed value
WATER ABSORPTION	ISO 10545-3	≤0.5%
MODULUS OF RUPTURE	ISO 10545-4	≥35
THERMAL SHOCK RESISTANCE	ISO 10545-9	Pass
BREAKING STRENGTH	ISO 10545-4	≥700
ABRASION RESISTANCE	ISO 10545-13	Concrete Look I Class H
STAIN RESISTANCE	ISO 10545-14	Class 5
RESISTANCE TO FROST	ISO 10545-12	Pass
CHEMICAL RESISTANCE	ISO 10545-13	Pass

Variation is an inherent property of tiles and stone.

The GREENGUARD Environmental Institute is an industry-independent organisation with a mission to improve indoor air quality and reduce people's exposure to chemicals and other pollutants. GREENGUARD Environmental Institute certifies products and materials for low chemical emissions and provides a resource for choosing healthier products and materials for indoor environments. Certified products must meet chemical emissions standards based on established criteria from key public health agencies.

Living Building Challenge (LBC) Red List Free is a status indicating that a product contains none of the harmful chemicals listed on the Red List. For a manufacturer to claim a product is Red List Free, it must disclose 100 percent of ingredients and be found to obtain no Red List chemicals at levels at or above 100ppm or 0.01 percent. Products with the Red List Free label are in compliance with the LBC's goals of ingredient transparency and industry-wide elimination of all Red List chemicals.

Italian GREEN BUILDING COUNCIL, the association of top players working to transform the building market towards sustainability and to build liveable communities. GBC Italian members promote environmental, economic and social responsibility, innovating buildings in terms of engineering, design, manufacturing and use health agencies.

AN ENVIRONMENTAL PRODUCT DECLARATION (EPD) is a globally recognised certification that outlines the environmental impact of a product across its entire life cycle. It supports sustainable decision-making and green procurement by assessing factors such as material sourcing, emissions, installation, use, and end-of-life disposal.

ISO 14001:2015 specifies the requirements for an environmental management system that an organization can use to enhance its environmental performance. It intended for use by an organization seeking to manage its environmental responsibilities in a systematic manner that contributes to the environmental pillar of sustainability.
