The **colours** have Double-layer glazing process creates subtle translucency, adding depth and delivering a more premium finish than solid colours.

Cinder colour is a metallic glazed finish designed to evolve over time, developing a natural patina through gentle oxidation. This adds richness and depth, creating a timeless, vintage-inspired character.

Platinum colour has a multi-layer glaze combining a glossy white base with a specialised titanium top layer. This finish delivers a clean, luminous metallic aesthetic, making it highly versatile across modern, minimalist, and light luxury interiors.

TILE EDGE	non-rectified					

* 45x145mm gloss and satin mosaics are available in a sheet size of 293x287mm

Colours shown in images may differ due to variations in photographic conditions and screen displays. Samples provided may not accurately reflect the exact shade or batch supplied, as variation is an inherent property of tiles and stone. Listed sizes and thicknesses are nominal and may vary slightly from actual working dimensions.

technical data

properties	test method	prescribed value	value
WATER ABSORPTION	ISO 10545-3	≤0.5%	≤0.1%
BENDING STRENGTH	ISO 10545-4	≥12 MPa	≥33.5 MPa
BREAKING STRENGTH	ISO 10545-4	≥350 N	1785 N
ABRASION RESISTANCE	ISO 10545-7	Max. 175 mm³ PEI 1-5	Class 3
RESISTANCE TO CHEMICALS	ISO 10545-13	Household chemicals & swimming pool salts	GA
		Low concentration of acids & alkalis	GLA
RESISTANCE TO STAINING	ISO 10545-14	Minimum class 3	Class 5

IMPORTANT

CINDER colour is a metallic glazed finish designed to evolve over time, developing a natural patina through gentle oxidation. This adds richness and depth, creating a timeless, vintage-inspired character.

PLATINUM colour has a multi-layer glaze combining a glossy white base with a specialised titanium top layer. This finish delivers a clean, luminous metallic aesthetic, making it highly versatile across modern, minimalist, and light luxury interiors.

Variation is an inherent property of tiles and stone. Sizes are nominal and may include a joint.

AN ENVIRONMENTAL PRODUCT DECLARATION (EPD) is a globally recognised certification that outlines the environmental impact of a product across its entire life cycle. It supports sustainable decision-making and green procurement by assessing factors such as material sourcing, emissions, installation, use, and end-of-life disposal.
